Maintaining pool length certification forms is an LMSC responsibility. Completed forms should be sent to the Top Ten chair of the LMSC. Attach a copy of this form to record applications if the form is not already on file with the chair of the USMS Records and Tabulation Committee. If a bulkhead is used, a copy of this form for each session must be included with meet results sent to the LMSC Top Ten chair, in order to verify bulkhead placement.

Additional information can be found in the Records and Tabulation section of the LMSC Handbook, which can be found on the USMS website or obtained from your LMSC Top Ten chair.

Measurement procedures for completing this form are found on the reverse side. Please review them before measuring your pool and submitting this form. Only this side needs to be submitted for your pool certification.
